ROME TRACKLIGHTS

Architectural

Specification SERIES

FEATURES

The Rome LED tracklights are designed to deliver high contrast accent or uniform ambient lighting for retail, commercial and educational applications. Select from 3000K, 3500K or 4000K using the on-board CCT selector. Unique segmented reflectors and glare mitigating prismatic lens delivers high quality beam control and lighting performance with an integrated driver. Track head tilts up to 90° and rotates 355°. Suitable for 3 wire, 1 circuit track. Compatible with Halo track system.

LUMINAIRE INFORMATION

TRACKLIGHT

Product Detail	
Lumens/Watts	900lm/10W 1800lm/20W 2700lm/30W
Input Voltage	120V
Efficacy	Up to 90lm/W
CRI	>90Ra
Optics	15°[1], 24°, 36°, 45°[2], 60°[2]
CCT	3000K, 3500K, 4000K Selectable
Dimming	Phase Dimming 10-100%
Finish	**White, Black (Standard),** Grey
Track	3 Wire, 1 Circuit Compatible with Halo track system
Warranty	5 yrs
Certification	

WHITE - RAL#9003

BLACK - RAL#9005

GREY - RAL#9006
